STORMY'S WILD RIDE at the STURGIS BIKER RALLY

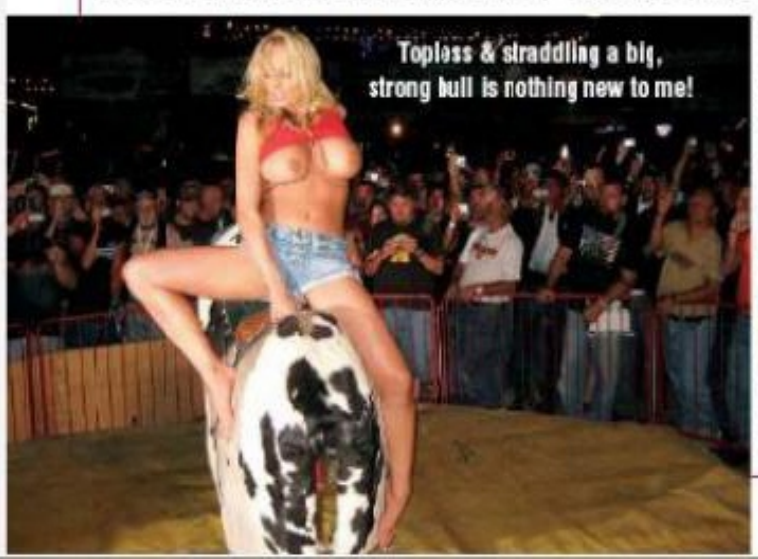
HIGH SOCIETY's ENTERTAINMENT EDITOR

I have mentioned in previous articles all the cool and glamorous places that I have had the opportunity to visit. Well, this time, my travels have led me to probably one of the least glamorous places in the country: Sturgis, South Dakota. I recently spent a week "roughing it" at the biggest motorcycle rally in the nation while filming a pay-per-view special (also to be released on DVD) called *Sturgis Xposed with Stormy Daniels*. And when I say "roughing it," I mean sleeping in a camper in the middle of a cow pasture behind a biker bar with seven dudes! I know what you're thinking—sleeping with seven dudes usually sounds like a great time, but let me remind you of the limited water supply of a camper, which translates to limited showering. Let me also remind you that it was over 100 degrees and there were 650,000 sweaty bikers roaming the hills. All that being said, I had the fucking time of my life!!

Do I like being surrounded by 650,000 sweaty bikers? Hmm...HELL YEAH!

I started the adventure by flying into the tiniest airport I've ever seen on what I am still convinced was NOT an actual airplane but a hang glider. Seriously. I was then taken by car for the hour-long trek to Sturgis, (AKA: the Middle of Fucking Nowhere) South Dakota. Driving into town, nothing could have prepared me for the sheer number of bikers. I didn't know that many motorcycles even existed in the country! We drove through town to where we'd be staying. I was a little surprised (to say the least) that there were no hotels in Sturgis and that my accommodations consisted of an RV behind the Full Throttle Saloon. They then had the nerve to tell me (the princess) that I would be sleeping on the couch! Still, I tried to remain optimistic. It was getting late so I figured I'd be heading to sleep, but no such luck...

The crew had already been there for a week and were anxious to start filming my bits. Immediately, I got dressed and we walked down to the bar. We entered through the backdoor and I was shocked at what I saw. Thousands of rowdy bikers and half-naked biker bitches were having the time of their lives! The best way for me to describe Sturgis and the Full Throttle is Spring Break for bikers. Jake the sound guy wired me up and Kenny (the camera guy) began rolling as I started to make my way through the leather-clad crowd. I'm not easily intimidated, but this was definitely one of those times. What if the bikers did not like me? What if one of their lady friends wanted to start a bar brawl with me? Everyone's heard the biker stereotypes and my crew and I were *very* outnumbered.



Topless & straddling a big, strong bull is nothing new to me!

Luckily, the stereotypes are just that! The bikers were more than friendly and most were extremely polite. As a matter of fact, I didn't see one fight the whole entire trip. I worked my way around the vast expanse of the Full Throttle Saloon, stopping for tons of photos with fans and doing some interviews for the show. I am also very pleased to report that the ladies were more than happy to get topless with me! Just as I was starting to get into the fun, Bob (the director) called it a night. He informed me we had a crazy shooting schedule planned for the following day and we had to get an early start.

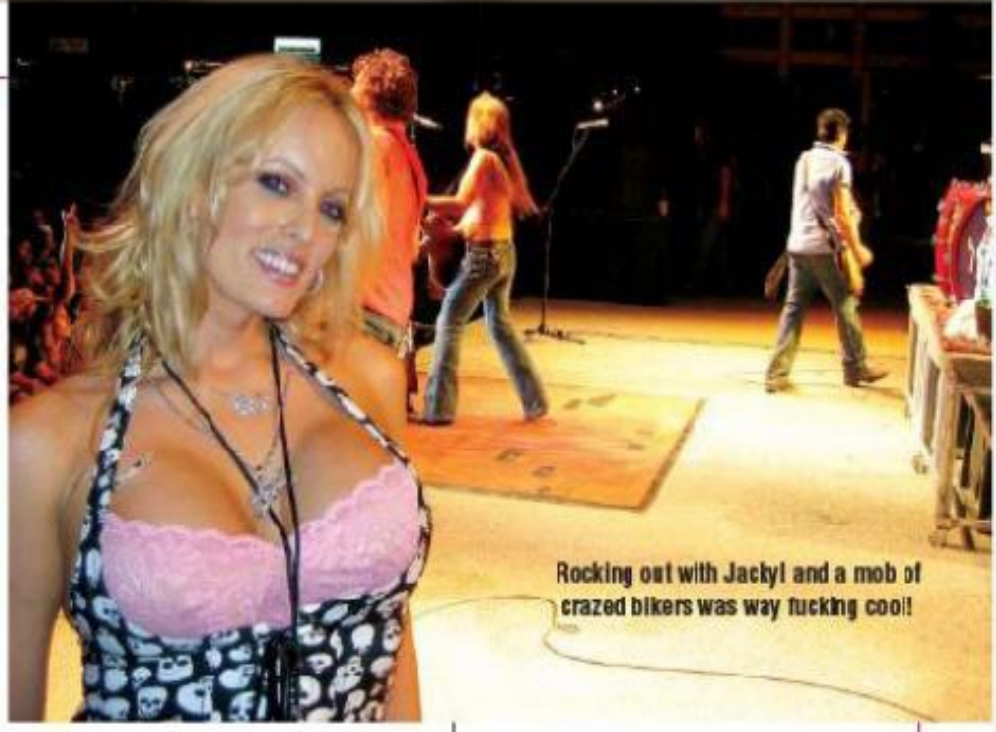
The next day we headed to Main Street for more filming and interviews. One of our first stops was to get me outfitted with the proper biker gear. I have to say I look pretty darn cute in some leather chaps! Especially with just a bikini underneath! We also covered the history of the Sturgis Motorcycle Rally and some of the important aspects of the biker lifestyle—custom rides, tattoos, and more topless ladies! All the while, I had a secret agenda: to find my own sexy biker to take me for a "ride!"

That night, we headed back to the

Full Throttle where I was to host the "Sex Games." One thing I can say about bikers is they are always willing participants for a good time. My co-host for the evening was named Goat (don't ask) and we were to do our show between bands, right before the band Jackyl took the stage. Talk about pressure! Being up there on the main stage in front of tens of thousands of bikers waiting for their favorite band to come out seemed like a recipe for disaster. Luckily, it went even better than I could have imagined. We had no trouble getting volunteers to come up and play our games which included

"We ended my Sturgis adventure with 'Stormy's Camper Party'... chicks making out, lots of beer, and even a midget."

lap dancing, fake orgasms, and demonstrating sexual positions. The ladies even got naked with very little encouragement from me! I was really beginning to love Sturgis! I gave away some of my dildos and other goodies from my adult toy line from California Exotic Novelties and some of my favorite



Rocking out with Jackyl and a mob of crazed bikers was way fucking cool!

Wicked DVDs and HIGH SOCIETY magazines as prizes.

After the "Sex Games," Jackyl rocked the stage. I was made an honorary roadie (not to be confused with groupie) for the night and given the most important job of the evening: I was responsible for the band's bottle of Wild Turkey and I was regularly called on stage to dispense shots to the very thirsty band. Jackyl, being the givers that they are, shared their Wild Turkey with me. I think I actually drank half the bottle on my own, and the night was just getting started!

After the concert, we headed down to the main bar for some body shots from their very sexy (and scantily clad) bartenders. My next stop was the mechanical bull, where I did a risqué topless performance that lasted far longer than eight seconds! Trust me, there were no complaints from the crowd. Eventually, it was time to call it a night.

The next day, it was back into town for more shooting. I was in search of "the sexiest bike" in Sturgis. I don't know if I ever found the sexiest bike, but I did find the sexiest biker. He was so yummy and I convinced him to take me for a ride—which led to a brush with the law. Hey, how was I supposed to know that riding off into the sunset straddling a biker (facing him) was illegal? Luckily, they let us off with a warning and the party continued.

I began my final night in Sturgis with some body painting. It felt amazing to get naked and be airbrushed. I especially enjoyed it as the artist painted my nipples. I could have stood there all night, but I had a party to attend!

We ended my Sturgis adventure with "Stormy's Camper Party" which lasted until the sun came up. It was quite a rowdy biker-style event complete with chicks making out, lots of beer, and even a midget! I can honestly say that I was sad to leave Sturgis the following morning—but I did take home a trophy! I have that Wild Turkey bottle proudly displayed on the shelf between my AVN awards. Hey, I earned it!

For those of you interested in checking out my weekend of biker debauchery, please go to: www.XposedwithStormy.com for more information and don't forget to buy the DVD. I promise you won't regret it. (And if you do, you can take it up with one of my new 650,000 biker buddies!)

What better to body paint than a little shameless self-promotion?

Getting all hot and bothered in the summer heat, Jennifer conveniently spots Jimmi, a sweaty groundskeeper who enjoys sneaking the occasional peek at Jennifer's skimpy bikini. After summoning Jimmi over, Jennifer gives the hired help more than just a peep-show this time by peeling down his shorts and jamming his cock into her mouth. Jimmi, enjoying the debutante debauchery, then procedes to swap his cock between Jennifer's pussy and ass in rapid succession, causing the rich bitch to squeal and moan like a five-dollar whore!

HOMEMADE HOLLYWOOD PORN

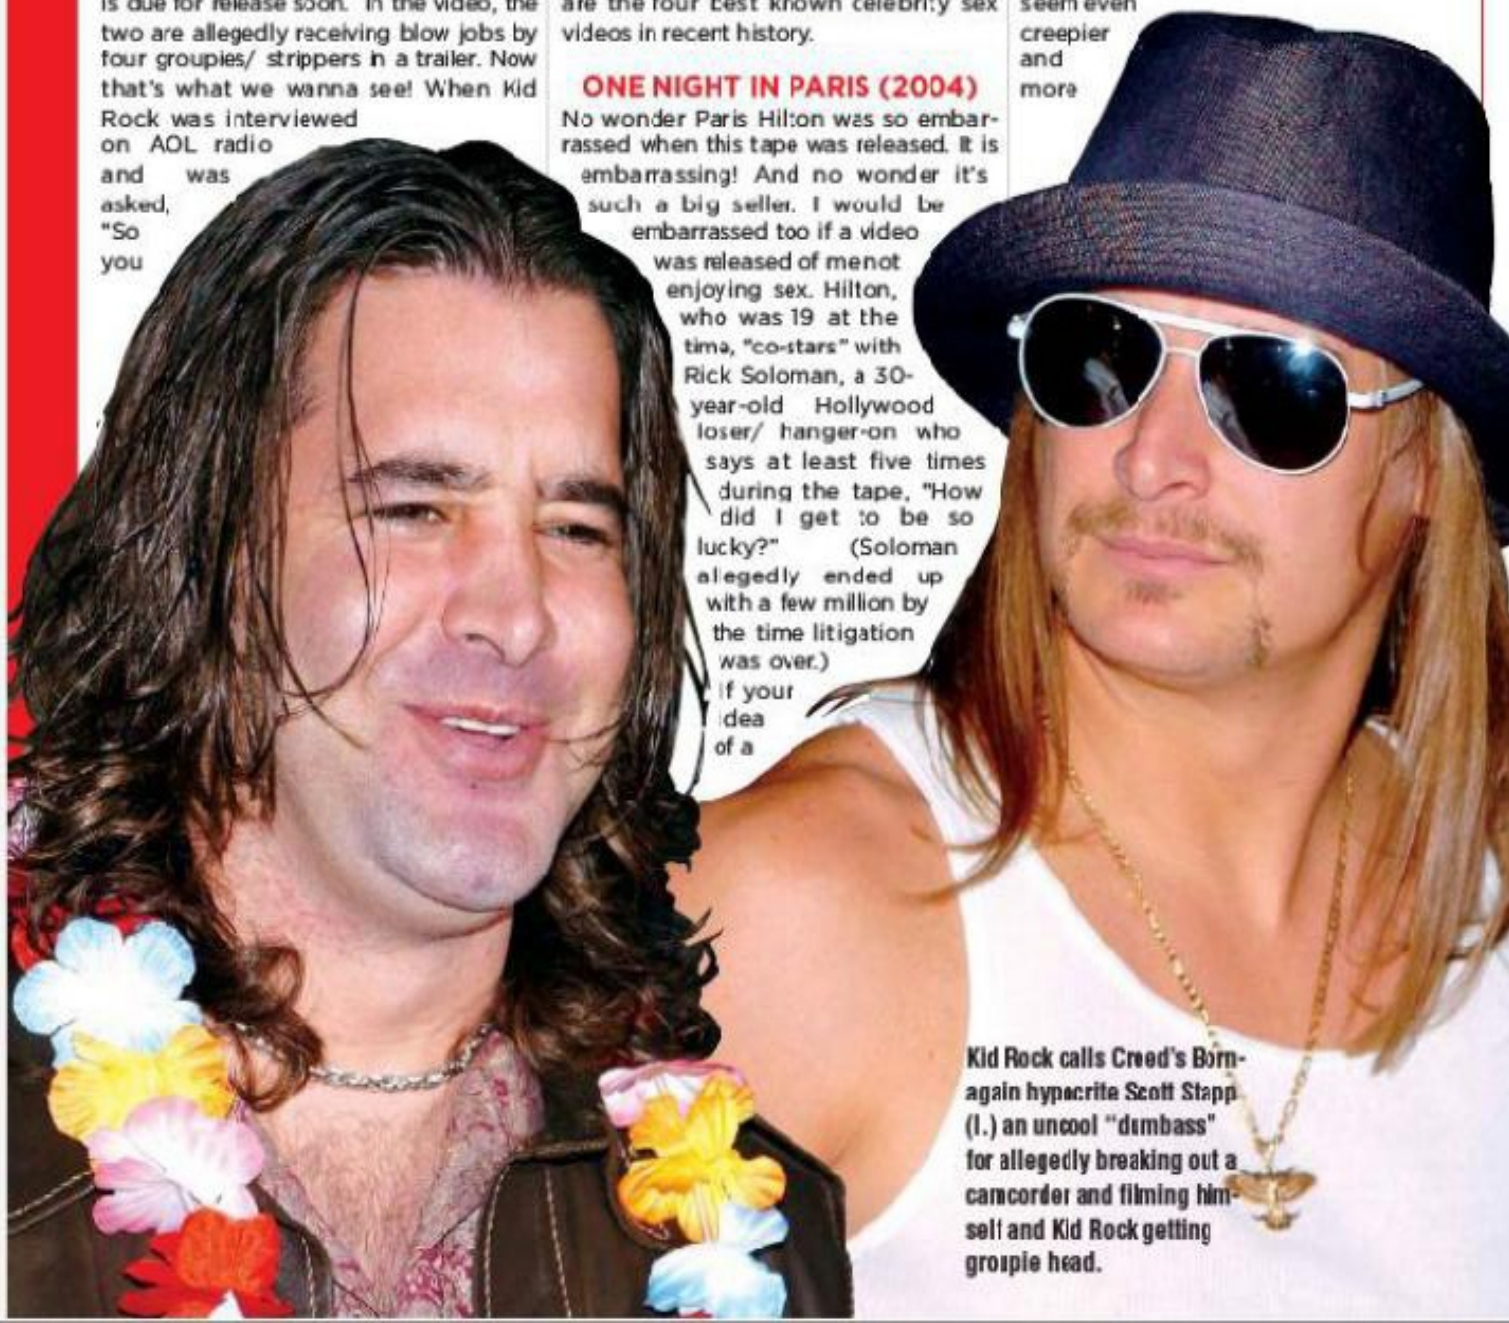
SEXSTYLES OF THE RICH & FAMOUS

BY ANKA RADAKOVICH

Celebrity sex videos are hotter than ever. The problem is, there just aren't enough of them. That's because, in most cases, we only get to see celebrities actually fucking when somebody breaks into their homes and steals their homemade porn. There's something exciting about watching a celebrity fuck or get fucked. A video featuring Colin Farrell and his ex, Playboy Playmate Nicole Narin, is in litigation, another starring Kid Rock and Creed's Scott Stapp (who just happens to be married and is a Born Again Christian) is due for release soon. In the video, the two are allegedly receiving blow jobs by four groupies/ strippers in a trailer. Now that's what we wanna see! When Kid Rock was interviewed on AOL radio and was asked, "So you won't be using video cameras in your sex life anymore?" Kid Rock responded, "I never used them to begin with. That was Scott Stapp's dumbass. I don't think people are upset about me being banged," he said. "I don't think people are upset at there being a videotape. But they are pissed off that I was hangin' with Scott Stapp." When asked "Is there any aspect of Scott Stapp that is cool?" Kid Rock replied "No." According to Anh Tran of wantedlist.com, Paris Hilton's One Night In Paris is the best-selling adult movie of all-time, even outselling the Tommy Lee/ Pamela Ancerson Stolen Honeymoon video. "People want to see a rich heiress get down and dirty," says Tran. In case you missed out, here are the four best known celebrity sex videos in recent history.

ONE NIGHT IN PARIS (2004)

No wonder Paris Hilton was so embarrassed when this tape was released. It is embarrassing! And no wonder it's such a big seller. I would be embarrassed too if a video was released of me not enjoying sex. Hilton, who was 19 at the time, "co-stars" with Rick Soloman, a 30-year-old Hollywood loser/ hanger-on who says at least five times during the tape, "How did I get to be so lucky?" (Soloman allegedly ended up with a few million by the time litigation was over.) If your idea of a good time is watching a creepy guy exploiting a young, rich beautiful heiress, then this is the flick for you. The first scene is shot in night vision and Hilton does look quite glamorous in this lighting. She whines and complains as Soloman fucks her and directs her to "Get on top of me so everyone can see how pretty you are." She looks really embarrassed and not into it. In another scene she hides behind a door as he says, "Let me see your pussy." She stares at herself wearing black lingerie, poses in the mirror, and looks more turned on at seeing herself than by him. But Soloman continues to enthusiastically film her like a pesky paparazzo, apparently knowing there is something in it for him, which makes it seem even creepier and more



Kid Rock calls Creed's Born-again hypocrite Scott Stapp (l.) an uncool "dumbass" for allegedly breaking out a camcorder and filming himself and Kid Rock getting groupie head.

THAT'S HOT?: *One Night in Paris* was equally creepy and sexy.

THE POOP ON...

ONE NIGHT IN PARIS

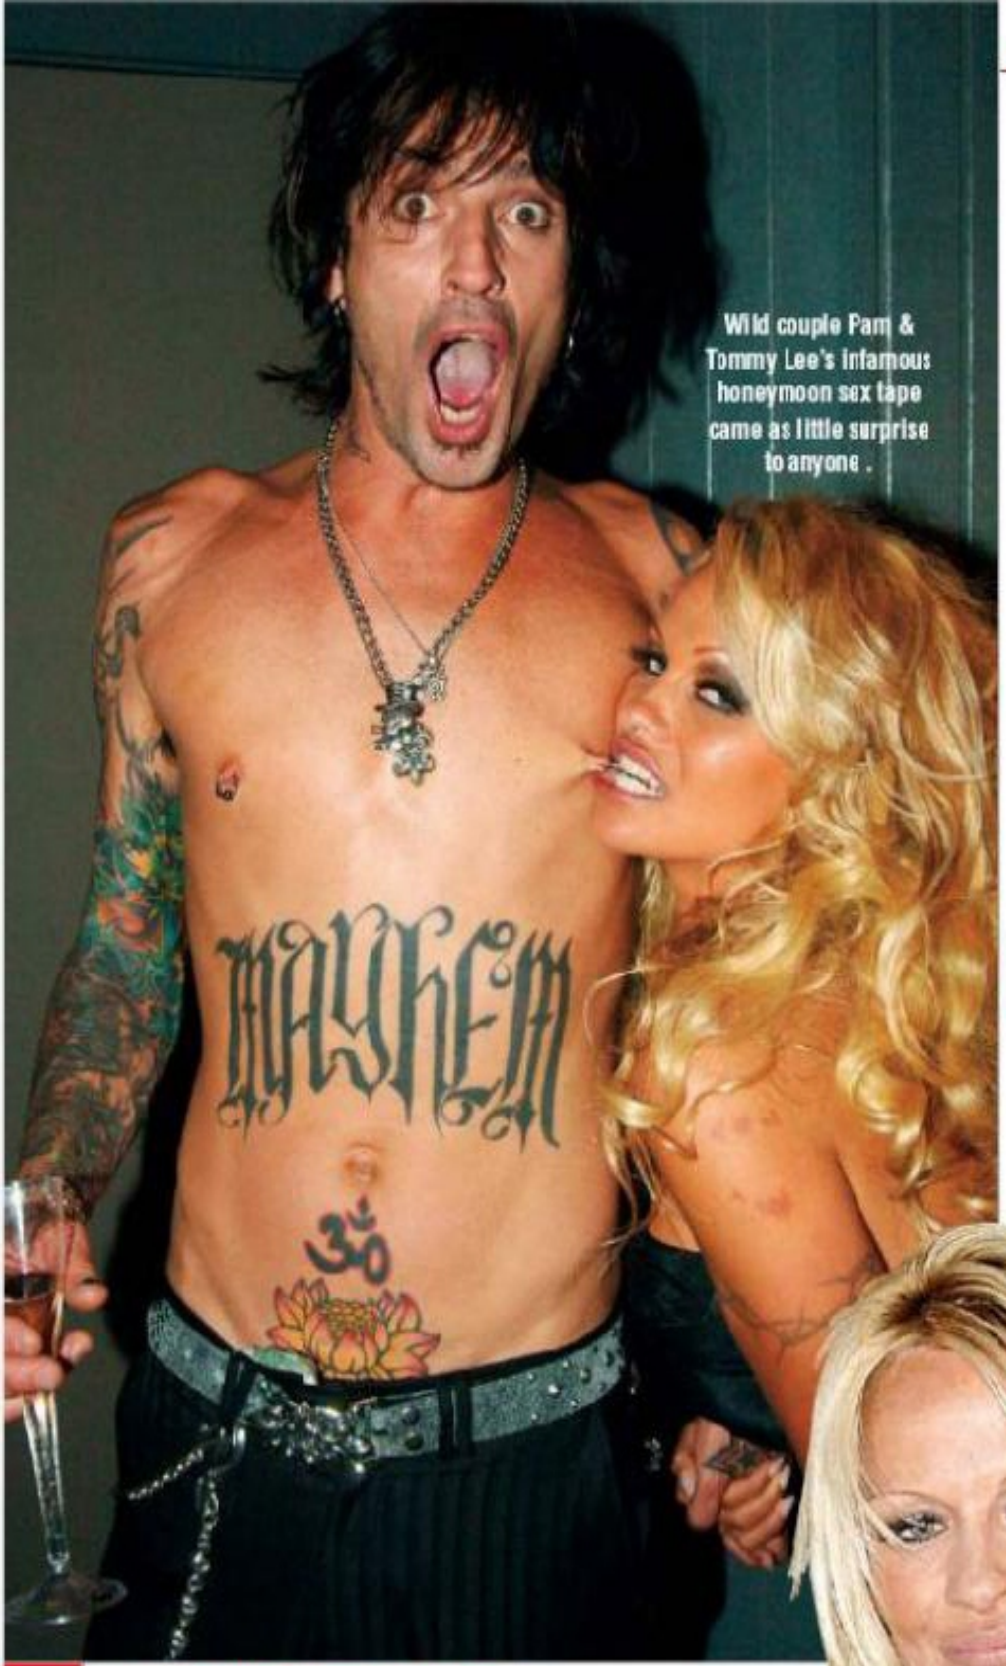
- "Paris is the ultimate dead fish."
- "Paris is hot, but the camera angles are bad."
- "The famous face did nothing to hide the fact that Paris seems to have no interest in sex."
- "Well, my husband liked it."
- "I've never seen a female so unresponsive to sex."
- "It was entertaining because of her pouting and whining."

(Testimonials courtesy of wantedlist.com.)

seems to want to get it over with. Paris says at one point, "You're trying to choke me," to which Soloman laughs like Bela Lugosi and replies, "I was sort of trying to." Unlike "real" porn, Rick doesn't nut on her face. Hilton looks relieved when he comes on her tits; it's finally over.

Stroke Rating: 2 (out of 5). Paris is hot, bored *and* rich.

exploitive. This tape simply has to be the Hilton's family's worst nightmare. Soloman introduces each scene while chewing gum and narrating with a smug cockiness that makes you want to punch him. "We went out that night and we were bored, so we made a little movie," he says while smacking his gum. There is one sexy moment when the camera zooms in on Paris' bikini-waxed pussy as she rides his cock and rubs her clit. In another scene, as Soloman fucks her doggie-style, Paris says "It hurts!" then calls him her "boyfriend" and asks him to tell her he loves her. Truth is, at this point, he'll tell her anything. Paris looks cute in this video, but she also looks completely bored, which is kind of hilarious. The fucking goes from doggie- to missionary-style. In another scene, Rick goes down on her in a plushy hotel bed and Paris looks like she's falling asleep. Finally, after about 20 minutes, she either has an orgasm or fakes one, but it's simply so unenthusiastic even I couldn't tell if she came or not. The film ends with a blow job scene in which Paris does look hot giving head, but also



Wild couple Pam & Tommy Lee's infamous honeymoon sex tape came as little surprise to anyone .

Pam and Tommy Lee, Stolen Honeymoon (1998)

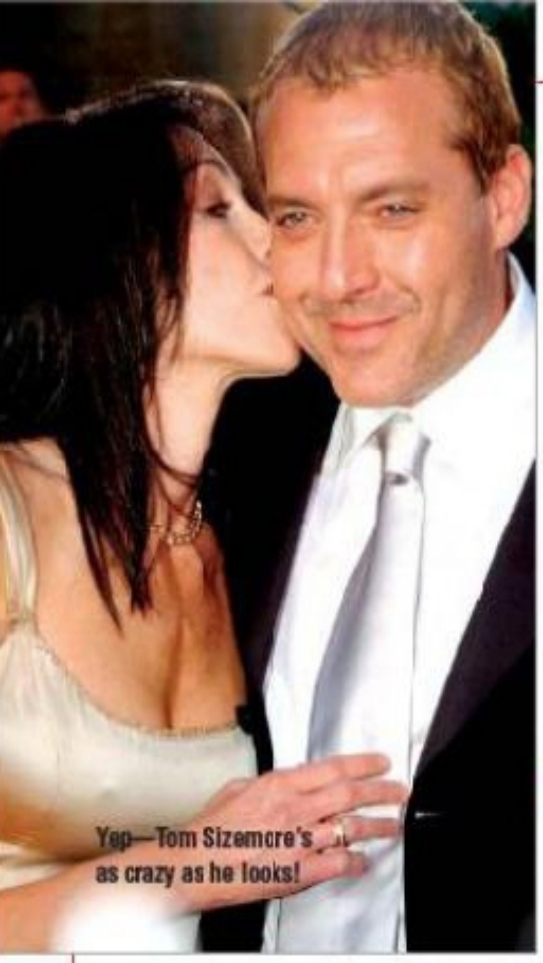
Reportedly stolen from their house, this video was billed as the "most controversial movie ever made," and "the most talked about underground video." You'll definitely have to fast-forward the first half of this tape, though. The wedding scene is painful to watch; it has been practically shot in pitch darkness, the couple won't stop giggling, and the wedding guests are inexplicably dressed in *Star Wars* costumes. I don't know why it's even included. Let's get to the fucking! Finally, half way through the tape, Pam shows off her shaved pussy, which looks fantastic by the way, but you barely get a chance to get a good look at it. As for Tommy Lee's legendary schlong, I don't know what all the fuss is about; Tommy's dick is not all that huge. (It *is* kinda long, though.) There is a blow job scene where you can see Pam's mouth slurping up and down. She is wearing sunglasses and she looks hot. After a brief fuck scene where Tommy sticks it in, you finally get a good look at Pammy's pretty pussy, which is really beautifully waxed; but again, the scene is so short it's literally a cock tease. On the way to Lake Mead, the couple get so horny that they have to stop by the side of the road so Pam can give Tommy some "road head." But we never get to see the front seat blow job scene. There is one comedic moment on the sailboat when Tommy steers the boat with his boner. When we finally see Tommy fuck Pam it lasts about 2 minutes (even celebrities are early finishers!) and the come shot is slow-moed and rock'n'roll music is added, which is distracting. Although Pam looks fucking gorgeous and absolutely amazing when she's fucking, you don't get to see that much of her pink pussy. And all the "I love you's" uttered during the fucking scenes are enough to give anyone a *hard-off*.

Stroke Rating: 1

Pammy is so sexy that she deserves at least one stroke.

TOM SIZEMORE, The Sex Scandal (1997)

This was really not a "sex scandal" but it was marketed as one. In this video, Tom Sizemore made his porn debut by choice. Tom talks directly to the camera like he's directing and it's obvious that he hopes everyone will see it. It appears as if Tom has hired all pros, because none of the women look like they're into him at all. They're all young and cute and the video starts with a few close-ups of their "stuff," as well as a pussy bumpin' shot. What we learn in the first scene is that Tommy Boy really loves to lick girls' buttholes. Most of the scenes show Tom playing with all three girls at once. At one point, he licks the pussy of girl



Yep—Tom Sizemore's as crazy as he looks!

Number 1, gets a blow job from girl Number 2, while watching girl Number 3 masturbate. That wacky Tom sure knows how to party! In another scene, the two girls take on the tusk of a Sybian fuck machine as Sizemore fucks the third wheel. Most guys would be in heaven with a scenario like this, but Sizemore has a hard time keeping it up. At one point, the actor looks straight into the camera and apologizes. "I can't get a hard-on right now because I'm worried about the court case," he explains, referring to former girlfriend and Hollywood Madame Heidi Fleiss. It's such a sick, twisted moment, that it's just too hard to stop watching! The most compelling scene in the video comes when Tom looks into the camera and delivers his insane confession. "I gotta go to trial," Tom shamefully admits, "I solicit prostitutes. It's what I do. Hey, I use drugs, but not that much. Just when I'm awake! Hey, I didn't hit her. I didn't like her. I broke up with her because she sucked every guy's cock in the room. It drains you out. I didn't hit that bag o' bones." And as if that's not disturbing enough, the #1 most shocking moment during the video comes when one of the girls is giving him a blow job and as the camera pulls away, you can clearly see the HEIDI tattoo on Sizemore's pubic area. Finally, Tom delivers the money shot, surprising since he's half-limp during most of the action.

Stroke Rating: 5 strokes.

Because it's just so wrong!

"I can't get a hard-on right now because I'm worried about the court case."

— Tom Sizemore, from his 1997 homemade porn video *The Sex Scandal*

The Colin Farrell Sex Tape (2006)

In the beginning of the 13-minute sex footage of Colin Farrell and his Playboy bunny "girlfriend" Nicole Narain, we see her naked and setting up all the camera equipment. Once the camera zooms in on her shaved "bunny" complete with soul patch, Farrel repeats, "You're so fucking sexy!" and "You're so hot!" She barely looks interested in him at all. As she says nothing and the camera zooms in, you can almost see the *cha-ching* dollar signs lighting up in her eyes. First, we see her unenthusiastically suck his penis. Then, with zero foreplay, Farrell sticks it in for a few minutes. The following footage shows him licking her chocolate pussy. It is an interesting moment, because as Colin is about to go down on her, Narain says she's selfconscious about the appearance of her pussy lips, which do look a bit elongated. It's moments like these that make homemade celebrity sex videos so watchable. "This is beautiful, I'm not kidding," the actor says to her, reassuring her that her cooch looks fine and proving once again that men are just happy to see one. The video ends with Nicole sitting on Farrell's cock while appearing to fake an orgasm. Then we catch a glimpse of the lucky horseshoe tattoo on Narain's lower back. (If Colin Farrell were fucking me, I would be moaning, groaning, and screaming all the way to a real orgasm.)

Stroke Rating: 1/2.

Perky Pam Anderson and her larger-than-life lactation stations are always headline grabbers. The queen of skimpy, slutty swimwear and fashion that's always a size too small for her voluptuous body is a paparazzo's wet dream. Check out these revealing pictures of the new Ms. Kid Rock, taken on a public beach just days before she tied the knot with her rocker-boyfriend while they partied and played in the celebrity-stuffed St. Tropez. On the lower left, Pam pops out of the water and her nipple pops right out of her teeny-weenie-bikini! Later, Pam just peels off her swimsuit top and lets her hooters hang loose in the hot sun, much to the amusement of every horny guy lucky enough to catch a glimpse of those gigantic jugs! Pam seemed comfy and relaxed while enjoying some topless sunbathing before her much-publicized St. Tropez wedding ceremony.

Nikki has a great vagina. It's ripe, pink, and really tight. That's because it's so rarely used. Not that Nikki's a virgin, a choir girl, or in any way adverse to sex—on the contrary, Nikki's a hardcore fuck freak and a real whorish slut with an insatiable libido! She just doesn't like to get fucked in her pussy—she prefers dick in her ass: all day, every day! Somewhere along the line she became obsessive, compulsive, and fixated with getting ass-fucked. She gets off on that breathless feeling she gets when a cock plugs her bum, ramming her so deep it almost tickles her tonsils. And once she's finally had enough anal penetration, Nikki simply goes oral and sucks down an ass-juice & sperm chaser as if she's doing shots at a bar— Cheers!

THE LUSCIOUS LADIES OF LAS VEGAS!

BY RAMSEY STEELE

Earlier this year, we took you on a picture-filled journey with The Sexy Sirens of *CSI*, which was a delicious detour designed to ogle the lithe lovelies who populate one of the most popular shows on television. When we were thinking about what made *CSI* and its starlets so successful, we came to the obvious conclusion that it was the show's setting—the tawdry town of Las Vegas, Nevada! That said, doesn't it stand to reason that any other successful boob tube bonanza set in Sin City would also offer an equally awesome array of actresses? Well, after taking a quick gander at NBC's *Las Vegas*, which is now readying for its fourth season, we discovered that the answer is a resounding yes! Concerning the ins and outs of a team of people working in the Montecito Resort and Casino (a mythical Vegas resort that looks to us to be a variation on Vegas's own Mandalay Bay) and the day-to-day issues that arise when working in such a bigger-than-life environment, TV's *Las Vegas* is one of themost engaging and invigorating dramas to come along in quite some time. From hotel managers to local detectives to opulent owners, *Las Vegas* offers some of the slinkiest sexpots ever seen in the desert mecca since the days of Dean Martin and his Gold-Diggers. Now stop wasting time and spin the wheel, take a hit, and throw the dice. Trust us when we say that with this bunch of babes, you're not going to crap out!

NIKKI COX

"MARY CONNELL"

Nubile, nookie-worthy Nikki Cox's Mary Connell is, in our eyes, the undisputed Mistress of the Montecito. The Special Events Director at the plush hotel and casino, Mary is a Vegas native who has an on-again, off-again relationship series regular Danny McCoy (Josh Duhamel), the Montecito's Chief of Surveillance and Security. By the third season of *Las Vegas*, Mary had been promoted to Hotel Manager, thereby dividing her wardrobe between power suites by day and slinky evening gowns by night. Grrrrr....

LARA FLYNN BOYLE

"MONICA MANCUSO"

Slender, sexy and self-centered, Monica Mancuso was the latest owner of the Montecito in the most recent season of Las Vegas. Audiences learned upon meeting Monica that at the age of 25, she married an 83-year-old billionaire and that upon his death at 93, she inherited his fortune, which financed her purchase of the hotel. We'll never know if there's a heart of gold lurking beneath Monica's icy exterior as last season ended with her untimely demise when a gust of wind caught her billowing gown and blew her off the roof of her prized piece of Vegas realty.

Exotic-looking, Britain-born Sandrine Holt essayed the role of delicious Sin City detective Jenny Cho in three episodes during *Las Vegas's* sizzling second season. Though juicy Jenny made nary a single appearance in the show's third season, we're hoping she's booked for a return engagement some time this fourth year. If not, well, then we can always continue fantasizing about that body cavity strip search!

This "shot on film" blockbuster is a true piece of "action-erotica." With nine intense sex scenes and edge-of-your-seat action sequences, *Manhunters* is sure to entertain and arouse. Award-winning director Brad Armstrong blurs the line between adult movies and mainstream cinema once again—This time, with a little help from some bad-ass bounty hunters.

Manhunters was a massive eight day shoot—and let me tell you what an incredible eight days it was on the set with absolutely amazing sex! Every action sequence kept me enthralled, and each day I left the set eager to come back the next day for more.

It's bright and early when I arrive on the set, and as I open the door of the studio I find actors and crew busily getting set

up for the day. I peek at the set being designed for the sex scene about to commence, and yep, it definitely looks like a seedy hotel, alright—complete with rickety furniture and déclassé bed linens. Armstrong catches me peeking. "As usual snooping around I see." I laugh. "Well, you know me, I always like to scope things out before the action starts." Armstrong then explains the premise behind the scene. "One of the fugitives is holed up in this hotel room having sex with a couple of prostitutes and the girls raid the place and apprehend him."

"Sondra pulls out a big black double dong to fuck Jada with, but Brian gets mad, declaring 'Get that fucking toy out of here!' He pushes Sondra out of the way so he can dive into Jada's pussy."

Armstrong winks. "But of course not before we get to watch him having a little fun with the prostitutes first." Armstrong and I chat for a few more minutes before he excuses himself to finish setting up for the scene. I sit quietly and wait with my trusty pen and paper in hand. I don't have to wait long because before I know it, a cheerful Jada Fire and Sondra Romain bound into the room and make themselves comfy on the bed, as Brian Surewood gets a little assistance from Jessica Drake who helps him put his dog collar on. Yes, I said dog collar...

The minute Armstrong calls action, these three actors don't waste any time getting right down to business. Everyone's jaws drop minutes into the scene, as the trio dives into each other like three long lost lovers who have been separated for years! But I'm not talking sweet soft romantic passionate sex here—I'm talking raw, kinky, nasty, hardcore, no-holes-barred sex here. This really is a scene you not only have to see to believe, but that you have to see with your own eyes to understand what makes it so incredibly hot!

Sondra starts the scene off with a bang by eating out Jada while Brian spanks Sondra with a riding crop as he barks—literally (must be the dog collar he was sporting—gotta love roleplay!). Bodies flip and switch around and now Brian eats out Sondra in the 69 position while Sondra finger-slams Jada's hot box.

Shannen Kelly gets plugged by Marcus as Cassie Courtland licks nipple.

Manhunters' grande finale involves all 4 co-stars in a titanic lezbo romp!

Sondra spanks Jada's pussy six times and then Sondra pulls out a big black double dong to fuck Jada with, but Brian gets mad, declaring, "Get that fucking toy out of here!" He pushes Sondra out of the way so he can dive into Jada's pussy. Sondra pouts disappointed, but she keeps herself busy by trying to help Brian take off his pants. A few minutes later, Sondra can't take it anymore and forcefully pulls Brian off of Jada's pussy, yelling at him, "I want her, she's mine!" Brian complies reluctantly, barking to show his disapproval, but offers an aggressive compromise for giving up Jada—Sondra has to suck his cock while she finger bangs Jada's pussy. The trio is causing such a commotion on set that now the WHOLE crew has crowded into the doorway to watch this scene, including the caterer, make-up artists, and Jessica, Carmen, Kirsten and Exotica! It really was that good of a scene—no one could tear their eyes away either. Armstrong seemed speechless at the scene that was unfolding before him, telling his camerarran, "Let them run with it, just keep filming and we'll catch it all."

Jada and Sondra double-team Brian's member, deep-throating, ball-sucking and slurping up his cock with animalistic hunger. The trio flips and twist around again on the bed as Brian flips Sondra into some doggie-style action, while Sondra does Jada with one end of a double dong. Brian flips Sondra over again a few moments later to do her in missionary and Sondra turns her body ever so slightly so she can still jackhammer Jada with the double dong. Jada quickly works herself up until she squirts all over the bed and Sondra's face. Now it's Jada's turn to get a little of Brian's meat stuffing and she jumps on top of Brian's cock reverse cowgirl style, while Sondra squats over Brian's face for a little tongue to clit action. Minutes later, both girls treat Brian to some more double team oral loving before Brian tears into Sondra again, this time slipping into missionary anal, as Jada pleasures herself with the double dong.

Brian Surewood plays a fugitive nailing hookers Sandra Romain & Jada Fire

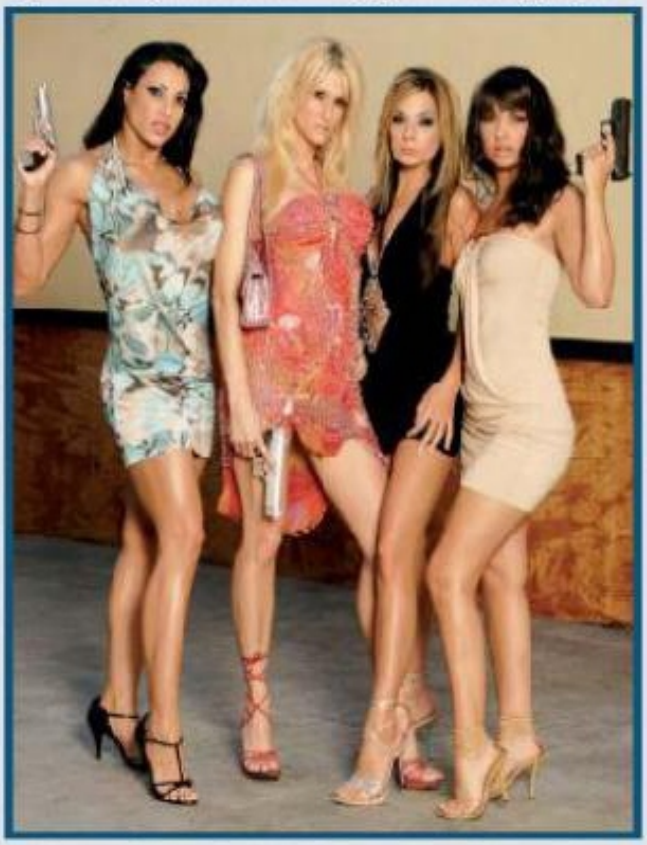
Brian finishes off the scene by giving it to Sondra via pile-driver in the ass, while Jada watches playing with herself. And when Armstrong calls for the popshot, Brian happily obliges all over Sondra's ass. The room explodes in applause as Armstrong calls cut. Brian, Sondra and Jada, all dripping with sweat and god knows what else, take a bow.

On the last day of filming, I had the pleasure of witnessing a scene that for me had to be one of the best all-girl sex scenes I have seen in many years—Jessica, Carmen, Kirsten and Exotica all doing each other. Was I dreaming? No, it was real and I was there on the front line watching it all, live. I love my job. The premise of this scene was simple enough: the girls are in the bail bond office and sex ensues at lunch break! The scene starts with Jessica kissing Kirsten passionately while Carmen eats her pussy and Exotica helps out—now that's what I call teamwork! Jessica leans over the desk, offering up her hot box to Exotica, who licks her pussy and finger fucks her. At the same time, Carmen licks Kirsten's pussy and finger-fucks her with two fingers. When Armstrong calls out "switch it up, ladies," Exotica gets a good dildo fucking from Jessica while Carmen goes to work on Kirsten, fucking the shit out of her while Kirsten fingers her ass. Kirsten finger-fucks Exotica while Jessica gets down to business fucking Carmen with a black bacon-looking dildo. Kirsten gets groped by Exotica, who gets pounded with a glass dildo from Kirsten while Jessica gets some good hard fucking with a black dildo from Carmen. Exotica and Carmen slap on the strap-ons and double team Krsten and Jessica in the ass. Now that's what I call teamwork!

HIGH SOCIETY caught up with Carmen, Jessica, Kirsten and Exotica in the changing room after their sex scene together, all of them still floating on cloud nine. Director Brad Armstrnog joined us and we all sat down for a brief chat about *Manhunters*.

HIGH SOCIETY: Brad, how did you come upon the idea of *Manhunters*?

Brad Armstrong: We came upon the idea of *Manhunters* because we wanted to make a movie utilizing a number of the Wicked girls. The idea of a bounty hunter movie came up and we fell in love with it. After talking to a number of real bounty hunters we found that very few had ever had to fire their weapon, let alone actually kill someone. We could get all the excitement of the girls looking cool in their tactical gear, and running around with guns, but without all the blood and guts of some action movies. It was a perfect combination. We decided on Jessica, Carmen, and Kirsten. Then we added Exotica to the mix for a little muscle and some Spanish flare.



HS: Tell us a little bit about *Manhunters*.

BA: *Manhunters* is the story of Rachel (Jessica Drake) who is the unofficial leader, a former police academy drop-out who "knows the game" like the back of her hand. Bobbi (Kirsten Price) is a feisty tomboy who's as tough as she is tiny. Kris (Carmen Hart) is a second-generation bounty hunter, who carries on the tradition in memory of her father. Last but not least is Maria (Exotica), a hot and spicy Latina who entered bounty hunting after seeing her brothers in and out of the system all her life. Together, they form the perfect team, striking fear in even the baddest of bad guys. They're as different as can be, but these differences make for some great banter between the girls and their personalities really shine. As the story goes on, we're let in on Rachel's inner struggle with the job. She's contemplating turning in her badge, and when a blast from the past shows up at her doorstep, she's even more torn. The excitement continues with rooftop chases, incredible sex, and a climactic gun battle that'll have viewers on the edge of their seats. This is true "action-erotica" that blurs the line between adult movies and mainstream cinema.

HS: *What was the most challenging part of working on this film for you?*

Carmen: The most challenging part of this film had to be dealing with the heat. It has been a very hot summer and the wardrobe sometimes was unbearable, but we all sucked it up and stayed focused, knowing that an outstanding movie would be the payoff in the end.

Jessica: This is by far the hardest movie I've ever done. It has also probably been the most rewarding. The training was tough. Being on set and actually doing our own stunts has been pretty hard. The heat that we had to endure while shooting has been overwhelming, and then when you add to that all the gear we had to wear—I would say the challenge has been *doing* the movie.

Kirsten: The most challenging part of this film for me was climbing the fire escape. There is a scene where Jessica and I chase Brian Surewood up a fire escape 12 floors over LA. I was freaked out! Jessica and Brian were flying up the fire escape and I was lagging behind. I won't be doing that again in any movies in the near future!

Exotica: The most challenging part for me was learning to use the guns. I was actually afraid of them before this movie. I had never shot a gun before this movie. It was challenging going to the shooting range and actually having to train with the guns and learning to get over the fear of using them. But I have a new respect for guns now and actually want to go back to the shooting range!

BA: One of the biggest challenges we faced while making *Manhunters* was shooting on film. Shooting an adult movie on film is always an issue, because although it makes everything look better, and richer, it also takes a lot longer and makes things more difficult—especially when it comes to the sex. But all the cast and crew did an incredible job, and it really shows in the finished project. Another factor was just the size of the movie. It made things a little taxing at times, as well. In almost every scene in the movie, all four girls are together—then add the other principles—then the extras (sometimes up to 15). It became a daunting task. Especially when dealing with scheduling and the fading sunlight. There were more than a few days where I was pulling my hair out!

HS: *Tell us about the training you went through for the movie. Did you learn any new skills that you found you were pretty good at?*

Exotica: Learning fugitive recovery and surveillance was great, it just felt so comfortable to me, handcuffing bad boys!

Carmen: We had vigorous exercise schedules, and we trained in weaponry on a shooting range along with receiving training from a professional bounty hunter. We also went on a few stakeouts to see exactly what the real thing was like. It was definitely a different world than I was used to, but very mentally rewarding as well.

Jessica: Being from Texas, I was already pretty great with weapons, but it was cool to have the professional training. I also decided to take classes on Fugitive Recovery and I received my certificate in Fugitive Recovery Training and Strategies of Surveillance. I love learning new things and I'm a quick reader, so that really helps. One of the Bounty Hunters we worked with even offered me a job! Think I may need to wait on that, though.

Kirsten: I never shot a gun before this movie. I don't think I'm a bad shot but I'm not as good as the other girls. I definitely loved shooting and I think it's something I could really get into as a hobby—so watch out!

HS: *What makes this movie different from other adult movies out there right now?*

Jessica: I think this movie is the best out there right now, because aside from the research that went into it, the character development, the realistic casting, the amazing locations, and the cool stunts that we did, it has scorching hot sex scenes in it too! If you take those elements away you've STILL got a killer movie. We may release an R-rated version as well.

BA: After all is said and done, I think *Manhunters* will stand out from other adult movies because of all it has to offer. It is one of the biggest movies I've ever made. I think it's also as close to a mainstream movie as I've ever come. That being said it's also probably the strongest sexually as well. The sex scenes are all great! There's nine of them in the movie plus 2 bonus/deleted scenes (both of which are anal). You know your sex is strong when you can afford to lose 2 anal scenes. The reason for this is with the almost mainstream size script (65 pages), and almost 2 hours of solid sex the movie was at almost 3 hours long. We had to trim it up a bit—but the viewer certainly won't feel cheated. This is a 3 disc set— a REAL 3 disc set. The movie is on one disc at 2hrs. and 45 minutes. There's a ton of behind the scenes footage the 2 deleted sex scenes—a bunch of additional "making of" footage focusing on all the training the girls went through prior to shooting. There's also a music video featuring Charlie Check'm, who wrote/performed the *Manhunters* theme song. Plus a boatload of other goodies. This thing is jammed full. Couple all that with an amazing looking box and this is guaranteed to stand out.

Exotica: It looks and feels the most like a mainstream movie than I have ever seen in the adult industry, which I think is pretty bad ass.

Kirsten: I don't think anyone has done an adult movie with four hot female bounty hunters before and I think that alone is what will make this movie stand out. Everything in the movie is really authentic too—there was a lot of training involved weeks before we even started shooting the movie and we even do our own stunts!

Carmen: I think that what makes *Manhunters* different is because it is closer to a mainstream movie than anything I have seen produced in the adult industry so far and I think that will be pretty impressive to people.

VERONICA & MARY

BREAST FRIENDS

All girs have best friends—but then again, most girls don't fuck and suck their best friends. I guess you could say that Veronica and Mary aren't like most girls. The two love hanging out together—maybe a little TOO much. It all started innocently enough one day when Veronica got drunk and felt up Mary's breasts on a dare. The joke turned into a makeout session, and before you can say "double-headed dildo" the two bosom buddies discovered a deeper, more intimate friendship had just been kindled. Six months later, the two have become *bonafied* fuck friends, licking, sucking, and stuffing each other every chance they get!

VICTORIA

ALL-DAY PUSSY PLAY

Sexy brunette Victoria loves quiet afternoons at home. Her friends often call her to go shopping, but Victoria usualy passes—she likes to set aside lazy afternoons for some finger-frolicking fun! She gets herself revved-up by looking at herself in the mirror, checking out those firm, full titties and her slim waistline. Once she feels good 'n' hot, Victoria strips down and immediately starts playing with her nice pink pussy, stretching her lips and shoving 2 fingers in that warm little love cave of hers. Eventually, her favorite studded vibrator *cums* out to finish the job, and our home-alone hottie enjoys another lazy, crazy afternoon all by herself.
